

These are words which sound the same or similar, but have different meanings. It is important to learn which word is which so that they can be used correctly in your writing. Use a dictionary or ask an adult if you are unsure of any meanings. In most cases, the two words in each pair will be of different **word classes**, for example, one may be a noun and one may be a verb.

Set 1

Remember to learn the meanings of these words as well as how to spell them so that you can use them in context in your own writing.
